

GEOGRAPHY (GEO)

GEO 101 World Regional Geography (3 Credits)

45 lecture, 3 total contact hours

In this course, students will first become familiar with the basic principles and concepts of physical and cultural geography. Students will then employ these basic principles and concepts while surveying the world on a region-by-region basis, identifying the specific geographic characteristics such as climate, terrain, population, industry and manufacturing, trade, transportation, and agriculture, which give the individual regions their unique identity. Level I Prerequisite: Academic Reading and Writing Levels of 6

GEO 104 Introduction to Cultural Geography (3 Credits)

45 lecture, 3 total contact hours

In this course, students will learn the basic principles of cultural geography and study the relationship between culture and place. Students will explore the ideas, worldview, economics, geopolitics, language, religion, and recent demographic changes of various cultures. Cultural distinctions will be emphasized, allowing for a more well-rounded awareness of the global community. Level I Prerequisite: Academic Reading and Writing Levels of 6
