CONSTRUCTION SUPERVISION (AS)

Catalog Effective Term: Fall 2024 Program Code: ASCNSV Credential: Associate in Science Program is also available online

High Demand Occupation, High Skill Occupation, High Wage Occupation

This program gives apprentice and journey-level members of the articulated union building trade apprenticeship programs the opportunity to apply their apprenticeship training and trade-related experience toward an associate's degree in Construction Supervision. In addition to the courses in Construction Supervision, students will complete general education courses and receive nontraditional credit for their work experience and apprenticeship.

Articulation

- · Ironworkers' Apprenticeship and Journeyman Training
- · Rowan University, BA degree
- · United Association Veterans in Piping

Copies can be obtained from the Counseling Office, a program advisor, or from the Curriculum and Assessment Office Web site: http://www.wccnet.edu/learn/transfer-wcc-credits/articulation-agreements.php.

Program Admission Requirements

The program is only open to active members of articulated union building trade apprenticeship programs.

The program is only open to United Association of Plumbers Apprentices/ Journeymen.

Students must complete an apprenticeship program concentration in plumbing, pipefitting, HVAC, sprinkler fitting, ironworking, bricklaying, tile setting or other approved union building trade. Upon completion of this, students should apply for prior learning credit evaluation of their apprenticeship experiences to meet the apprentice program concentration requirement (19-26 credits).

Minimum Credits Required for the Program: 64
