

LIBERAL ARTS TRANSFER (AA)

Catalog Effective Term: Fall 2024

Program Code: AALAT

Credential: Associate in Arts

Program is also available online

This program allows students to design a program of study to meet individual needs, and is a good option for students who are undecided about a major, or simply want to explore various areas in the arts and social sciences. This program allows for customization of coursework to meet the requirements of the transfer college or university. A counselor will assist in developing a program of study that meets all of the College's graduation requirements. A counselor can also help students determine interests, career and educational goals, as well as provide transfer and career information.
